MOSCOW IN PERIL AS GERMANS CONTINUE INTENSE DRIVE

Resignation of Japanese Cabinet of Konoye Announced

NAZIS DECLARE KEY CITIES CAPTURED IN ADVANCE ON CAPITAL

By the Associated Press
Moscow's hour of peril at hand; government and foreign embassies reported ready to move east to Kazan; Japanese embassy staff already has quit Soviet capital; German high command declares its assault forces are within 62 miles of capital after capturing key flank cities of Kalinin and Kaluga.

Japanese cabinet of Premier Prince Fumimaro Konoye resigns in disagreement over issues of empire perhaps entailing future course with United States and Russia. Japanese naval officer declares Japanese-United States relations at crossroads; empire leaders hold series of unexplained conferences; North China reports say Japanese mobilizing able-bodied White Russians.

BERLIN

BULLETIN
Berlin, Oct. 16.—(P)—The Rumanian government announced tonight that the Rumanian forces had entered the long besieged Russian Black Sea port of Odessa, DNB reported in a Bucharest dispatch.

Berlin, Oct. 16.—(P)—Germans are striking at Soviet defenses approximately 62 miles from Moscow after occupation of the strategic cities of Kalinin and Kaluga, the high command said today, "and it was intimated an important announcement respecting the Soviet capital might be expected soon."

"In the east we are already fighting at several points on Moscow's outer defense line, which is approximately 100 kilometers (62 miles) from the Soviet capital," a communiqué said.

Defenses of besieged Odessa were reported to have cracked.

Kaluga railroad center on the upper Volga river 95 miles northwest of Moscow, and Kaluga on the Moscow-Bryansk rail line 90 miles southwest of the capital, "have been in German hands for several days," the high command said.

A hint of "an important announcement" was dropped by an authorized spokesman in response to an inquiry as to what was happening to the Russian government and the Moscow diplomatic corps.

At the same time, DNB reported from Bucharest a Rumanian announcement that her troops had penetrated the defenses of Odessa and that the Black Sea port was in flames.

German military quarters expressed the opinion today that the greater part of Marshal Semeon Timoshenko's forces, which they said constituted the last line of defense of Moscow, was wiped out in bloody encirclement battles around Vyazma and Bryansk.

It was known that strong German armored columns and motorized units pushed eastward when the battles of Vyazma and Bryansk were in progress but how far they penetrated on the road to Moscow was a matter of strict official silence.

The only reference made by the high command to this developing operation was contained in last night's special communiqué stating that a majority of the German forces which took part in the encirclement battles already was free to continue the eastward march.

London, Oct. 16.—(P)—W. Averell Harriman, who headed the U. S. delegation to Moscow to arrange for aid to Russia, left Great Britain by air today for the United States where he will report to President Roosevelt.

Army Engineers Start Work on New Type Portable Metal Landing Field

BY RICE YAHNER
Camden, S. C., Oct. 16.—(P)—The army's ingenious engineers started work today to put together—in two weeks—a portable metal airplane landing "field" that will allow combat planes to come to earth safely on what is now only a sandy, rolling Carolina field.

They brought with them on 18 freight cars the 1,000-ton sectional strip, wide enough and long enough to accommodate the fastest and the biggest planes.

The First Army's October-November maneuvers in the Carolinas will provide the first simulated war test of the portable landing fields the army is building, or as built in the Virgin Islands and Puerto Rico.

Two hours after the 21st Engineers of Langley Field, Va., started up the hill, near Hoffman, Va., surveyors were staking out the runway, pointed in the direction of the prevailing wind. Now they're converting a farm field into an airfield.

SLAYING RELATED BY YOUTH

Portland, Me., Police Hold 'Teen-Aged Trio After Boy Tells of Having Slain in Maryland Early Monday a Man Who Made Advances to Girl Running Away From Home

BODY IS DISCOVERED TODAY BY REPORTER

Portland, Me., Oct. 16.—(P)—Shortly before a blood-spattered body was found in a Maryland thicket, 16-year-old Herbert H. Cox, Jr., of Alexandria, Va., reportedly confessed today that he had shot and killed a man who he said made advances to one of his two girl companions.

The victim was tentatively identified as Grainger C. Browning, 40, of Mt. Olive, N. C., who had driven his automobile and trailer to Alexandria to work on nearby defense projects.

Young Cox, who repeatedly asked with tears in his eyes whether he would be "electrocuted" and the two girls ran away from their trailer-camp homes and came to visit relatives in Maine.

Young Cox was quoted by Assistant County Attorney Richard S. Chapman as saying that he had shot a man he knew only as "Browning" when the latter tried to make love to one of the girls, and that he had then dumped his body near a Maryland roadside.

Cox was held by police for "safe keeping" as they investigated his bloody story, as were his two companions, identified on the police records as Ida May Price, 15, and Leona Ellen Cunningham, 14, both of Alexandria. Both girls were stockinged.

While the authorities queried the trio about the blood-stained automobile in which they drove to Portland, a Baltimore reporter "scooped" police by finding Browning's body in a clump of bushes six miles south of Conowingo, Md.

Edward Freeman of the Baltimore News-Post said the man's body was covered with blood, and that his pockets had been turned out. He wore a blue shirt and blue trousers, which were badly torn. Both shoes were off.

"It is not yet too late to draw a line and tell Japan if it is crossed we will shoot."

Pepper was the second member of the Senate this week to talk of negotiations over demands of the CIO United Mine Workers for a closed shop for 43,000 miners working in steel company-owned "captive" coal mines.

In Pittsburgh, the union's journal reported negotiations were deadlocked before the national mediation board, which last month arranged a 30-day truce to seek an agreement.

That apparently confirmed reports that UMW President John L. Lewis had refused to back down on his demands for a closed shop and that "captive" operators had refused to grant it.

"It just isn't a bargainable issue

white compromise is possible," one principal said.

Under the truce arrangement, either the union or the operators agreed to give a three-day notice of termination after the period expired, but authoritative sources in Fayette county reported sources in

NEED MORE RAIN TO BRING LAND BACK TO NORMAL

Harrisburg, Oct. 16.—(P)—Pennsylvania's six-week drought was broken briefly by Wednesday's rains, but two or three inches more of rainfall is needed to restore moisture to sun-baked fields, one state official asserts.

"Any rain after that would start the streams upward," said George Weber, hydraulic engineer of the Federal-State Flood Forecasting Service. He estimated yesterday's relieved downpour averaged a half-inch, but was insufficient to be of considerable benefit.

Weather bureaus forecast only

cloudy weather for today in most parts of the state, with rising temperatures in the wake.

Wednesday rain varied from an

inch to 2½ inches.

Employee Is Killed In Newark Explosion

Newark, N. J., Oct. 16.—(P)—One person was killed and three others were injured in an explosion shortly after noon at the National Magnesium Corporation plant at 429 Adams street, a company spokesman said.

Two injured were taken to St. James Hospital.

Further details were not immediately available.

The plant is in the Ironbound section, a short distance north of Newark airport.

This little nominee, with a happy smile on his face, and sitting here in a characteristic pose shows some of the aggressiveness that his supporters are putting forth for him. This future champion was among the first candidates and he is noted for his activities and a glance at the Honor Roll will show he has been putting plenty of action into the art of obtaining Baby Votes. He is two years old, has blue eyes, and curly golden blonde hair. He is the son of Mr. and Mrs. Guy Danielson, Warren, and the grandson of M. H. Hendrickson, Warren, and Mrs. I. F. Miller, Brookville. Freddy makes friends very easily and in this specially posed photo is symbolic of the military spirit prevailing today. Will he be titled as "King of Babyland"?

Failure to Reach Accord With United States and Growing Military Pressure for Action in Crisis Arising from German Successes in Russia Are Major Factors

NEW GOVERNMENT TO BE FORMED AT ONCE

Tokyo, Oct. 16.—(P)—The Japanese government resigned to-night, admitting its inability to agree on the great issues confronting the empire.

Rayburn said that as a result of the parliamentary situation, few amendments could be offered to the one-paragraph resolution calling for repeal of Section 6 of the neutrality law, which forbids the arming of merchant ships trading with foreign nations.

When the speaker gave his prediction on the probable final vote, he was reminded that in 1917 the House passed a similar bill by a vote of 403 to 14.

"Yes," he said, "but we have some gentlemen here who weren't here in 1917."

Well-informed House sources reported today increasing signs that Republicans were slowly abandoning their opposition to President Roosevelt's foreign policies and would vote in surprising numbers to permit the arming of United States merchant ships.

These sources predicted the final rollcall, probably tomorrow on a resolution to repeal the neutrality act prohibition against putting guns on cargo vessels would show more Republicans voting "aye" than on any recent foreign-policy legislation.

This shift in sentiment was reported as the House met an hour earlier than usual to start debate on the repealer.

The measure reached the floor without the approval of six of the ten Republicans on the House foreign affairs committee. These critics called the measure a step in a campaign to "pull us into war by subterfuge," but even some of their number conceded that it would be passed by a substantial majority.

One of the minority party leaders said that Republicans who have visited their districts in recent weeks have returned to the capitol "a little more open-minded" on international policies the United States should pursue.

Rep. Eaton (Rep-N.J.), one of the four Republican committeemen who is expected to support the repealer, and Rep. Wadsworth (Rep-N.Y.), co-sponsor of the draft law, also detected signs that colleagues were reconsidering their positions.

"The boys who have been coming back have an entirely different attitude and it will show in the record," Eaton said. "Of course, I and many others on my side are dead opposed to the administration's domestic policies—

with all the waste and extravagance—but on foreign affairs we

NO COMPROMISE SEEN

CONFERENCE OF MILITARY HEADS AT WHITE HOUSE

Everybody loves a baby and every baby is a pretty baby. Warren and community's babies are the best, cutest, smartest and most robust to be found anywhere.

These are among the reasons for the increasing popularity and wide-

spread interest in the Favorite Baby Election and Trade Expansion program being sponsored by the Warren Times-Mirror and nearly 70 merchants.

A telephone on the desk of the editor of a special department, orga-

nized to choose the community's favorite baby from among hundreds of little children in every town and district in the community, rang.

At the other end of the line was a woman, obviously one deeply inter-

ested in her subject, for her voice was vibrant with emotion.

She told how her little girl, hearing that other children

were being given an opportunity to

the honor of being elected

the community's favorite baby in

the election, wanted to be included

among the candidates.

PLAN JUBILEE OF BASKETBALL AT N. Y. DINNER

L. W. Archibald returned Wednesday from a notable gathering of one hundred basketball enthusiasts at a luncheon at the Waldorf-Astoria Hotel, New York City, on Tuesday.

The luncheon was sponsored by the Sports Writers and Broadcasters of New York City and Brooklyn who are doing a large share of the publicity work in connection with the Golden Jubilee of Basketball. This event is to be celebrated by the erection of a Hall of Fame in honor of James Naismith, the founder of basketball.

Everett Morris, basketball editor of the New York Herald-Tribune and chairman of the occasion, stated that 30,000 circulars and letters had been sent out to colleges, high schools and Y. M. C. A.'s throughout the United States and other countries soliciting cooperation in the way of putting on Benefit Jubilee games. Favorable responses have been pouring in by letter and telegram.

After a very optimistic talk, he called on Mayor Putnam of Springfield, Mass., who is chairman of the Naismith Memorial Executive Committee. Mayor Putnam eulogized the work of Dr. Naismith and said this Hall of Fame would be a fitting testimonial to his memorable work.

Dr. Est, president of Springfield College, was then called upon and after fitting remarks introduced the following persons who were asked to stand receiving hearty applause as they complied with the request. These were the three members of the original team who were present—T. D. Patton of Toronto, Canada; W. R. Chase of New Bedford, Mass.; and L. W. Archibald of Warren, Penna. R. P. Kaighn, who practiced with the original team but who failed to make the team on account of receiving a knee injury in football, was also present.

A number of prominent basketball coaches were also present. Among them were Claire Bee, coach of Long Island University's championship team; Nat Holman, coach of New York City College and Ned Irish of Madison Square Garden.

The Hall of Fame is to be erected in Springfield, Mass., where the game originated, and will cost approximately \$300,000.

Each guest at this luncheon which marked the official opening of the Golden Jubilee of Basketball received a complimentary copy of Dr. Naismith's book, "Basketball," compiled shortly before he died. A copy of this book has been presented to the public library by Mr. Archibald and will be released for circulation next week.

LOCAL YOUNG MAN IN ARMY WRITES HOME

A very interesting letter has just been received by Mr. and Mrs. Fred Keller, Frank street, from their son, Don R. Keller, who is in the U. S. Army Air Corps at Wichita Falls, Texas. He writes as follows:

"I had a most wonderful time this weekend and met some very fine people. Saturday evening Maurice Smith and I went to a dance at I. O. O. F. Hall and I wish you could have been there. These Texans just would not let you sit around and have any fun. I danced with old ladies and young ladies, and also with a cowgirl from a ranch in Oklahoma who is going to be in the rodeo here at the jubilee. She was dressed in full cowgirl regalia. The way they dance here is quite different from the eastern style. Funny polkas and waltzes are very popular. Also there is quite a bit of jitterbugging with old and young alike taking part."

"This morning Smitty and I went to church at the Lutheran church. After the service the whole congregation went down into the church basement and ate Sunday dinner, and I am telling you I never saw such a layout of food in my life. The table sagged with every kind of meat you can name. I had ham, meat loaf, and chicken on my plate all at the same time. I just did not know where to begin. I ate cherry pie, angel food cake and pumpkin pie for dessert topped off with five cups of coffee. I never thought I could consume such quantities of food before I got in the army. Smitty and I felt contented as kittens afterwards."

"Then when we were walking down the street I had another nice experience. We were looking at a peculiar type of tree growing in front of a house and there was a man standing on the porch and we asked him what kind of tree it was. He told us and we just got to talking. He asked us where we were from and we said Pennsylvania. He said he was born in Pennsylvania along the Allegheny river. I asked him what town and he said Tidioute. Then the questions started flying. He said that he was related to Floyd Clinger and also by marriage to Guy Grandin. I told him Grandin was dead now. He said he remembered Jacob Keller's tailor shop and also knew the Diminoors. This man's name is Merkel and he invited us to dinner on any Sunday that we want. All we have to do is call him on Saturday and let him know. He said his wife had a Tidioute cook book and she will cook us a real Tidioute dinner. This man's an undertaker and lives in a very fine home. We felt like very lucky fellows and sure will take him up on that dinner invitation. Will you send me some picture post cards of Warren so that I might show them to him?"

KILLED IN COLLISION

James E. Elmer, 32, a former member of the State Motor Police who had been stationed in Warren, was killed in a head-on collision of two automobiles near Aspinwall Wednesday. Elmer was assigned to the local barracks of the Pennsylvania Motor Police and resided here in November and December of 1939. At the time of his death he was a special officer for the Allegheny-Ludlum Steel company at Bradford. Mrs. Anna E. Fisher, of Saxonburg, was also killed in the crash and her daughter, Mrs. Nettie Fisher Cooper, 23, a bride of a few weeks, was seriously injured.

MOVES TO OXFORD
The Byrd Antarctic Expedition will move its scientific headquarters to Miami University's campus in Oxford, O., from Boston shortly after November 1. The new headquarters will coordinate compiling of scientific reports of the expedition which returned last summer from the South Pole. Dr. Paul Siple, former Erie boy who accompanied Byrd on the 1928 South Pole trip, is now second in command in charge of research and is expected to move to Oxford upon completion of temporary army duties. Siple is now at Boston selecting clothing and equipment for cold weather army units and is on leave from the U. S. Department of Interior's Antarctic Service.

**SCOUT COUNCIL
EEES PICTURES
F ACTIVITIES**

The report of the public relations committee of the Warren County Girl Scout Council took center form at the meeting of the council Tuesday afternoon, when 30 feet of moving picture film and 30 photographic slides of many phases of Girl Scout work were shown. This collection was made up by the committee, with scenes locally photographed by H. L. Blair, William Walker, C. Hulings and R. W. Mackay.

Every girl who was at Girl Scout camp this summer figures in the pictures. The dedication of Camp Birdsall Eddy in May, 1940, and Arbor Day at the same camp in 1941, the ceremony in which the rolls containing the names of the Girl Scouts who are enrolled in the Girl Scout health project were presented to Burgess Steber in the steps of the city building on Health Day, May 1, 1941, are preserved in photographic form. The films will be available for programs given by Girl Scouts or their parents and for Parent-Teacher Associations and other clubs.

Mrs. T. L. Armstrong presided at the business meeting of the council. Mrs. William Glassman reported for the training committee that plans have been completed for the visit of Miss Katherine Park, member of the national staff, November 5-7. Also, a class in nutrition will be given by Miss Hazel Finley in the near future, in answer to requests by mothers of Girl Scouts for material on nutrition to help the mother help the girl Scouts who are enrolled in the personal health project.

New members elected to the council are Mrs. D. H. Conway and Mrs. Glenn Mickelson, of Warren; Mrs. William Gallagher, of Sheffield; Mrs. Frank White and Mrs. Ralph Whiting, of Tidioute.

Mrs. Armstrong served tea at her home following the meeting, which was held at the Girl Scout office.

Visiting Official Address All-day Meeting of Warren County Federation of Women's Clubs

The Warren County Federation of Women's Clubs, with the Blue Stocking Club as host, held its fall meeting on Wednesday in the V. W. C. A. activities building.

The morning session was called to order by the president, Mrs. W. H. Murphy, followed by the singing of "Hail Pennsylvania" with Mrs. Harriet Wilkins at the piano. A devotional period was conducted by Mrs. C. Vance Weld and Miss Ethel Morris led in the salute to the flag.

Miss Morris also extended greetings to visiting club members and Miss Leah Miley, of Sherfield, responded. The secretary's report was given by Mrs. Clinton Brung of Sheffield, in the absence of Mrs. Reginald Watts, and the treasurer, Mrs. Otto Carlson, reported on the treasury and budget.

Following the General Federation theme, "Women on the Home Line of Defense", the department chairman spoke with enthusiasm of the plans for carrying on their work. The baby clinic project in Sugar Grove was reported by Mrs. Otto Carlson.

Mrs. B. T. Berry, of Franklin, vice president of the Northwest District, was the guest speaker for the morning session, her subject being "The County Federation Program."

Mrs. Perry spoke of the importance of concerted effort of the 87,000 federated club women of Pennsylvania to work for defense, and to pray earnestly for peace, that the entire world might return to a Christian way of living. She told of the importance of the study of nutrition, home nursing and first aids, necessary for conservation of aluminum, silk and paper; and the buying of government bonds and stamps by club groups, looking toward defense.

Following a delicious luncheon served by the V. W. C. A., the afternoon meeting convened at the public installation ceremony held at Union City, the following evening, the following up the local delegation:

Lady Warren Rebekah Lodge well represented last evening at the public installation ceremony held at Union City, the following evening, the following up the local delegation:

Emma Pepperman, Ruth Larson, Martha Sanden, Maude Johnson, Eliza Baldensperger, Amy Swanson, Maude Bright, Hattie Booth, Carrie McManigle, Ella Wallace, Ethel Diring, Eulena Yaeger, Mary Hildum, Clara Baker, Amanda Grindley, Laura Lopert, Bertha King, Dorothy Nollinger, Rose Kinkead, Gertrude Moore, Edith Johnson, Florence Knapp, Florence Edwards, Martha Edwards, Etta Brown, Rose Laufenberg and Bells Sadler.

Friday will be supper night for the local lodges, with refreshments served at six o'clock and the regular lodge session convening at 7:30. A public card party will be held at eight o'clock, with prizes and refreshments. Amy Swanson is in charge of the lounge and Myrtle Johnson is chairman of cards.

Evangelist A. Madeline Bristow with an original and dramatic style preaches unusually well and as a result, her massages are unusually helpful. Today, Brigadier Britton is addressing the Ladies Home League in an afternoon session. This evening there will be an open air service preceding the church services at 7:30. All are welcome.

Social dancing classes at the Philomel Club are announced by Mrs. Harriet Wilkins, starting Saturday evening. These classes consist of pupils in the teenage age and it is requested that new registrants be at the door shortly before seven o'clock. The second class will meet at eight o'clock. Private instruction is given at Mrs. Wilkins' residence, 163 East street.

AUXILIARY OFFICERS GO TO CONFERENCE
Representatives of the American Legion Auxiliary who left this morning to attend the annual conference of presidents and secretaries in Harrisburg on Friday and Saturday were Mrs. C. D. Cannon, Mrs. Mabel Joseph, Mrs. Elmer Munkegaard, Mrs. Milton Witz and Mrs. R. F. Hutton.

SOLDIER TO SPEAK
Norman Stump, Army of four, from Fort Bragg, N. C., will be the speaker at the regular meeting of the Bethlehem Congressional Young People's Society to be held this evening at eight o'clock in the church. All interested are invited.

Philomel Members Plan for Recitals By New York Artists

The Philomel Club opened its fall and winter season, its golden jubilee year, with a business session at the clubhouse on Wednesday afternoon. Mrs. Allie Russell, presiding, called for routine reports and several applications for membership were read.

The chief business of the day was the making of final arrangements for President's Day, which falls next Wednesday, October 22. Harold Triggs, New York pianist, will give the program that afternoon. The Philomel feels very fortunate in being able to secure this splendid musician for the opening program of this gala year, which contains the anniversary of the founding of the club 50 years ago.

A buffet luncheon for members of the club will precede the program. Reservations for this are being taken by Mrs. John Ekey.

Mrs. N. D. Patterson will be chairwoman of the hostesses for President's Day, assisted by Mrs. E. E. Corbett and other members of the executive committee.

Business relative to the October 29th song recital by Doris Doe, Metropolitan Opera contralto, was also considered. This concert is being presented by the Philomel Club in the Woman's Club auditorium, and, undoubtedly, will be one of the finest musical evenings Warren has had in a number of years.

Most enthusiastic response so far has greeted the announcement that Miss Doe has been engaged for the recital here, and the club hopes that this assures a full house to greet the artist.

Behind the Scenes Activities in Preparation
for 'Kind Lady' 29th Public Show of Players

Social Events

On October 23, the velvet curtains of the Warren Players will open for this season's first dramatic presentation. Did theatre ever stop to think what the action would be if there were no setting?

In the days of Shakespeare, the audience were educated to use their own imaginations as far as actual settings are concerned—but today, those who attend the theatre look to the imaginations of others to produce the atmosphere.

For "Kind Lady," the 29th public production of the Warren Players, the imagination of Carl Holm Sorenson and the creative ability of Lester Muthert have worked wonders.

This particular set will be of utmost interest to everyone, that England is much on their minds. The workshop of the Players Club was the laboratory here a typical English drawing room was built to fit the local stage. Mr. Sorenson submitted an interior that would be the envy of any decorator and with Mr. Muthert's help, the paper sketch came a reality.

The action of "Kind Lady" also called for special pictures and these were done by the former tall columns, a winding staircase, the charm of an English ladywoman's home have been put for the set of this play.

When the lights dim and the curtain discloses a perfect background for the all-star cast, the entire editor is sure all will appreciate the work that has been done by those gifted in stagecraft, building, painting and set decoration.

Special laurels are also due another member of the "Kind Lady" troupe—Frank Cruckshank, then stage manager. Frank has had a busy few weeks—he's substituted for any man, woman or child in the cast when duty called them elsewhere, he's acted

and was sent to me with his recommended bidding to show the working of his system.

The bidding given actually occurred in the 1940 Metropolitan tournament in New York. East-West "saved" at four spades and made the contract by fine play.

Jackson would have the bidding go as follows: South, one diamond, showing three honor count; West, pass; North, two clubs, showing a total of five honor count in the combined hands.

Comment by Jackson: "Both now realize a game is not possible unless a fit is found." East, pass; South, four hearts—his hand counts 14 under the Jackson count, subtract 10, leaving four, the amount he must bid.

What has happened to South's realization that a fit must be found? The system compels him to bid his first real suit at four-

odd. Luckily for him, that is the suit for which North has best support, but would the system be so admirable if North's heart club holdings were reversed?

SUCCESS OF SIGNAL BIDDING OFTEN LIES IN "FIT" OF HANDS

BY WILLIAM E. MCKENNEY America's Card Authority

In "Modern Bridge Bidding," by C. J. Elsdon and R. J. Jackson, the authors advocate a system of signal bidding. The opening bid and first response show merely honor tricks. The real suits are not shown until the second round.

There is always the danger in any system of signal bidding that the early bids may leave no chance to find the best suit. Today's

hand was clipped from my column of about a year ago by Jackson

and was sent to me with his recommended bidding to show the working of his system.

BIG KILL EXPECTED TODAY AS DUCK SEASON OPENS IN STATE; HUNTERS TAKE TO BIG RIVERS

Harrisburg, Oct. 16.—(P)—The duck hunting season in Pennsylvania opened at 7 a.m. today with glowing prospects for a big first day kill.

There were "more nesting ducks on our streams this year than for some time," said Charles C. F. Stambaugh, of the game commission's bureau of field operations.

"This would indicate a better supply of ducks for the shooting season," he said, adding, however, that the southward migration may be later this year. The best flight of ducks are expected between October 25 and November 15.

Mashes dried up by the drought, may also have cut down the production of ducks, but the best places are along the Delaware and Susquehanna rivers and Lake Lyman, in Crawford county.

"Of course," Stambaugh said, "the real duck hunter depends on the migratory ducks which come down from the north. For the most part they follow the large rivers. While these streams are low the water supply is still ample."

Stambaugh said he could not recall an accidental shooting last duck season, and pointed out, "It's pretty hard for one hunter to mistake another for a duck, so many of the rules we put into effect

SPORTS ROUNDUP

BY HUGH FULLERTON, JR.

New York, Oct. 16.—(P)—The Special News Service—It may come to open warfare in the south before the colleges finish their argument over who is taking football players. . . . The Atlanta Journal which helped stir things up by pointing out that southern conference schools seemed to be doing better since the southeastern soon put up a ceiling on help for athletes, came out a short time afterward with the news that Georgia Tech spent \$43,540.10 last year. . . . This led to the query from a few miles north: "Who in the southern conference, besides Duke, has access to that many rototators?" . . . Cleveland promoters are looking for a sellout crowd at the Lou Franklin-Abe Simon森 next week. . . . Pee Wee Reese plans to spend most of the winter trying to strengthen his left leg, which has been more dependable since he hurt his heel a year ago.

PITT AND TECH HAVE SPIRIT IF NOT STRENGTH

Pittsburgh, Oct. 16.—(P)—Pitt and Carnegie Tech—two names synonymous with gridiron power a few years ago—may go to the guillotine Saturday, but not without a fight.

When the Panthers were given a 40-0 thrashing by Michigan and Tech was humbled 26-8 by little Muhlenberg last weekend, Pittsburgh fans moaned:

"And the worst is yet to come."

They referred to this coming weekend, when Pitt meets Mighty Minnesota, one of the nation's best teams, and Tech has its last engagement with unbeaten Notre Dame, who last year routed the Tartans 61-0.

Some Tech students, angry over the prospective "slaughter" of their de-emphasized squad, clamored yesterday for cancellation of the Notre Dame encounter, but there was no quaking of the knees among the players themselves.

"Yeh, Notre Dame has a good team but we're not dying of fright," cracked Coach Eddie Baker. "We're up against a good team and ours may be sub-par, but that's the only concession we'll make to Notre Dame."

Coach Charley Bowser, leaving with his Panthers today for Minneapolis, was no less unperturbed over tackling the Gophers.

"Our team is in pretty fair physical condition," he said. "We may not win but we're going out there to try to win."

Pittsburgh's third major team, undefeated Duquesne, faces a more pleasant assignment in meeting St. Vincent at Forbes Field tomorrow night. The Dukes were big favorites even though the Bearcats duplicated Duquesne's 12-point victory margin over Waynesburg, the only team both have met.

ELKS BOWLING LEAGUE TEAMS MAKE CHANGES

Several changes and additions to teams in the Elks Bowling League were announced today by R. J. Weigel, chairman of the lodge bowling committee and league president.

George Hultberg is transferred from Simonsen to Hultmans, while Minor Sharburg is shifted from Hultmans to Simonsen. Warren Miller has been moved from Brogan & Lee to New Process and Frank Willard shifted from New Process to Brogan & Lee.

Additions to teams are as follows: Harry Baker to Times Square, Phil Campbell and Art McKeegan to Harvey & Carey, and Jack Dailey to Style Shop.

In case of transfers, they are effective next week, it was stated.

BRADFORD AND WARREN FROSH HERE TOMORROW

With both the Dragons and Red Jackets away from home this weekend, the announcement made today by Director of Athletics J. B. Leidig that the Bradford and Warren freshman elevens will battle tomorrow afternoon on Russell Field starting at 3:30 o'clock, will come as welcome words to fans seeking some sort of gridiron attraction around this section.

Bradford's frosh team is one of the finest in this area, always capable of giving their opponents, whoever they may be, a real battle. Coming here to play Warren, the two piebald outfits may show fans some football that even the varsity hasn't produced this campaign.

Nevertheless, the attraction remains as the only one here this weekend and several followers are expected to see the contest.

Due to a teachers' conference, there is no school tomorrow and the student body will help swell the crowd.

A slight admission charge will be in effect to help defray expenses of bringing the Bradford freshmen here for the fracas.

Meanwhile, Leidig is getting his varsity in shape for their invasion of Franklin Saturday, and the Blue and White charges have been impressive in workouts this week so far. Franklin, still seeking its first win of the season, will stack up against the Warren boys as the underdog, but plan to give the Dragons plenty of opposition even if they lose.

BINGHAMTON BOWS OUT OF EASTERN CIRCUIT

Binghamton, N. Y., Oct. 16.—(P)—Binghamton apparently is out of the class A Eastern Baseball League.

Business Manager Eugene J. Martin of the New York Yankees farm club announced last night the franchise probably would be moved to some other city for the 1942 season. He said this was necessitated by operating losses incurred since the team came here ten years ago. During the past season, the 52,000 paid admissions was the worst recorded during the Yankees' operations here, he said.

Two other cities, names of which were not disclosed, have bid for the club, Martin added.

BY GAIL FOWLER

Sacramento, Oct. 16.—(P)—Swashbuckling Bill Dudley of Virginia, the nation's highest scorer, continued today as intercollegiate football's top ground gainer for the second week.

A sensational sophomore, Elmer Madarik of Detroit, ranks next to Dudley in total offense—gains rushing and passing. Johnny Grigas of Holy Cross is the second best rusher.

All-American Frankie Albert of Stanford is the nation's outstanding forward passer, despite his difficulties with the wet ball when his team was blanked by Oregon State last week. Frankie has completed 28 out of 32 passes for 302 yards and a .562 percentage. He's had five interceptions.

Pileggi's had the easiest time of any team on the lanes at the Elks last night, sweeping four from the DeLuxe keglers, 2501 to 1989, a margin of 512 pins. Rest of the matches were fairly good to watch, and two of them ended in splits.

Two matches scheduled for this week in the Elks Bowling League have been postponed, it was announced today. Tonight's 7:00 o'clock set-to between the Times-Mirror and Hultman's has been called off, as has Friday evening's 7:00 p. m. affair between the Irvin's and Keystones.

Bobby Check set a new high single game mark in the Struthers-Well circuit at the Arcade last night with a 258. Harry Wooster holds the three games with 667, and the other marks remained untouched, except for the Sales Dept. setting new team single record with 963.

Meadville, Oct. 15.—Well rested after an open date, the Allegheny College football team travels to Grove City this Saturday to renew one of western Pennsylvania's oldest gridiron rivalries.

Each team is credited with 20 wins, and there have been six ties in the grid competition dating from the nineties.

Coach Al Werner has been putting his Gators through tough drills designed to correct the mistakes that turned the Haverford

team into at center, at one tackle and at one backfield spot.

Don Turk, towering Cleveland sophomore, has been working hard for a starting end assignment and is due for a "nod." Harry Shepard, rugged Pittsburgher, is ready to take over a tackle job after three weeks' inaction with a leg injury.

Ted Conlin, Sharpsville, may move up to a starting post at center to add more weight to the line, and Bill Pierce, Indiana, Pa., veteran, will move into his accustomed backfield position, provided a leg injury responds to treatment.

BIG KILL EXPECTED TODAY AS DUCK SEASON OPENS IN STATE; HUNTERS TAKE TO BIG RIVERS

Harrisburg, Oct. 16.—(P)—The duck hunting season in Pennsylvania opened at 7 a.m. today with glowing prospects for a big first at 4 p.m., however, eliminating the chance of shooting in ten ducks, of which only three redheads or buffleheads, or those combined species, may be taken.

There were "more nesting ducks than ever," said Charles C. F. Stambaugh, of the game commission's bureau of field operations.

"This would indicate a better supply of ducks for the shooting season," he said, adding, however, that the southward migration may be later this year. The best flight of ducks are expected between October 25 and November 15.

Marsches dried up by the drought, may also have cut down the production of ducks, but the best places are along the Delaware and Susquehanna rivers and Lake Mifflin, in Crawford county.

"Of course," Stambaugh said, "the real duck hunter depends on the migratory ducks which come down from the north. For the most part they follow the large rivers. While these streams are low the water supply is still ample."

Stambaugh said he could not recall an accidental shooting last duck season, and pointed out, "it's pretty hard for one hunter to mislead another for a duck, so many of the rules we put into effect

DAILY DOUBLES LOW AT NEW YORK TRACKS

New York, Oct. 16.—(P)—Daily double payoffs of \$1,000, or even several thousands, are not uncommon in other racing sectors, but in New York, with only 19 days of the sport remaining on the 1941 calendar, the highest return yet recorded is \$898.10 for the customary two on June 16 at Aqueduct.

Of the \$120,170.522 wagered by race goers at New York tracks in the 160 days of racing this season to date, \$8,215.456 was bet on the daily double, which form of wagering has been used on 141 days.

The innovation received a six-day trial at the opening of the Jai-alai meeting, but was in existence throughout all other meetings. So the average daily double play was \$29,896.

The record double payoff in this country is \$10,767.40, on the appropriately named combination of Joy Eet and Merry Caroline at Washington Park on Aug. 14, 1939.

Only yesterday, at Laurel, the double paid \$1,223.30, and if a certain horse had won the second heading for a front-office job half, the price would have topped (\$14,000).

SPORT SPATTERING

SEE NO OBJECT TO BE GAINED BY P. I. A. A. CROSS STATE RUN FROM ERIE TO PHILLY THOUGH THEY HAVE ONE ON THE PROGRAM

This corner, though perhaps we're all wrong, can see no reason for getting all excited about the coming cross-state run to be conducted by the P. I. A. A. starting at Erie at noon, October 31, and ending sometime in the morning of November 1st, at Independence Hall, in Philadelphia. No boy to take part in the ceremonies, will run more than half a mile, some of them not more than a hundred yards. Certainly that isn't going to make any impression of physical fitness on anyone, and no student of the high schools in the state may be in the run unless already physically fit before he starts. As for getting John Q. Public all het up over the run, this corner doesn't see where all the interest lies. Mr. and Mrs. Fan will go for football or basketball, or for that matter any kind of competitive sport, and these we feel keep them conscious throughout the nation of being fit physically, more than a run across the United States would, because this cross state affair has no more competition in it than a turnip has blood.

However, to show you what they're trying to steam up, here's what Edmund Wicht, secretary of the P. I. A. A., says about it: "The purpose of the Physical Fitness Run is to focus the attention of the people of the State of Pennsylvania upon the vital importance of sports and athletics in the development of physical fitness."

The central theme denotes the responsibility of the youthful citizen to keep himself physically fit, which is the greatest factor in the building of the high morale so necessary in our nation today.

"The participation in this event of over 1,200 school athletes, who must train diligently in order to share the honor of carrying the physical fitness pledge across the State, together with the cooperative efforts of all who will strive to make the run a success, should serve as a living example of what unity of purpose, based upon physical fitness can accomplish."

Our argument is that the people of not only this state, but forty-seven others, are already attentive enough to understand the "vital importance of sports and athletics in the development of physical fitness." Not only this, but more people of all ages are active in athletics today than ever before, if you can include hiking, mountain climbing, skating, skiing, etc., in the program along with football, basketball, and other sports as being adequate means of keeping fit. Why, then, is it necessary to have 1,000 high school lads trot across the country, in such short jogs they hardly get warmed up, in order to keep the minds of Pennsylvanians conscious of the fact that one must exercise (generally in sports and athletics) to keep strong, healthy bodies, physically fit and mentally alert?

Incidentally, the run doesn't come through Warren at all, but hits towns such as Moravia, Wampum, Koppel, and other unknowns. The route isn't exactly across state, though it makes a better run in the present direction which is generally from Erie south to Pittsburgh and then south-east into Philly. What gives this agent the biggest laugh is the fact that great big bulletin cards with the route of the run are at Director of Athletics J. B. Leidig's office at the high school to be placed where they will attract attention. Warren, Kane, Bradford and several other surrounding towns are good members of the P. I. A. A., but they couldn't make the route come close enough to these places so that we could say hello to the runners, much less include a couple from this section in the run, and there are some fifty tracksters around these parts.

BRADFORD AND WARREN FROSH HERE TOMORROW

With both the Dragons and Red Jackets away from home this weekend, the announcement made today by Director of Athletics J. B. Leidig that the Bradford and Warren freshmen elevens will battle tomorrow afternoon on Russell Field starting at 3:30 o'clock, will come as welcome words to fans seeking some sort of gridiron action around this section.

Bradford's frosh team is one of the finest in this area, always capable of giving their opponents, whoever they may be, a real battle. Coming here to play Warren, the two piebald outfits may show fans some football that even the varsity hasn't produced this campaign.

Nevertheless, the attraction remains as the only one here this weekend and several followers are expected to see the contest.

Due to a teachers conference there is no school tomorrow and the student body will help swell the crowd.

A slight admission charge will be in effect to help defray expenses of bringing the Bradford freshmen here for the fracas.

Meanwhile, Leidig is getting his varsity in shape for their invasion of Franklin Saturday, and the Blue and White charges have been impressive in workouts thus week so far. Franklin, still seeking its first win of the season, will stack up against the Warren boys as the underdog, but plan to give the Dragons plenty of opposition even if they lose.

When the Panthers were given a 46-0 thrashing by Michigan and teen was humbled 26-6 by little Faulkner last weekend, Pittsburgh fans moaned:

"And the worst is yet to come."

They referred to this coming weekend, when Pitt meets one of the nation's best teams, and Tech has its last engagement with unbeaten Notre Dame, who last year routed the Tartans 61-0.

Some Tech students, angry over the prospective "slaugher" of their de-emphasized squad, clamored yesterday for cancellation of the Notre Dame encounter, but there was no quaking of the knees among the players themselves.

"Yeh, Notre Dame has a good

team but we're not dying of fright," cracked Coach Eddie Baker.

"We're up against a good team

and ours may be sub-par, but that's the only concession we'll make to Notre Dame."

Coach Charley Bowser, leaving with his Panthers today for Minneapolis, was no less unperturbed over tackling the Gophers.

"Our team is in pretty fair physical condition," he said. "We may not win, but we're going out there to try to win."

Pittsburgh's third major team, undefeated Duquesne, faces a more pleasant assignment in meeting St. Vincent at Forbes Field tomorrow night. The Dukes had big favorites even though the Bearcats duplicated Duquesne's 12-point victory margin over Waynesburg, the only team both have met.

The Ladies League opens tonight at the Arcade with the Steins, Betty Lee, Printz and Harriet Byrd fives beating the pins. This circuit will roll immediately following the completion of the Casey loop, which means about nine thirty o'clock.

Binghamton Bows Out Of Eastern Circuit

Binghamton, N. Y., Oct. 16.—(P)—Binghamton apparently is out of the class A Eastern Baseball League.

Business Manager Eugene J. Martin of the New York Yankees farm club announced last night the franchise probably would be moved to some other city for the 1942 season. He said this was necessitated by operating losses incurred since the team came here ten years ago. During the past season, the \$3,000 paid admissions was the worst recorded during the Yankees' operations here, he said.

Two other cities, names of which were not disclosed, have bid for the club. Martin added.

VIRGINIA'S BILL DUDLEY TOPS NATION'S POINT GETTERS; IS ALSO LEADING GROUND GAINER

BY GAIL FOWLER

Sacramento, Oct. 16.—(P)—Swash-buckling Bill Dudley of Virginia, the nation's highest scorer, continued today as intercollegiate football's top ground gainer for the second week.

Dudley, whose 56 points in four games established him as the gridiron's high point man, is shown in American Football Statistical Bureau figures as leading the country in total offense and rushing offense, and ranking fourth as forward passer.

He has collected 313 yards in the air and 331 on the ground for a total offensive figure of 646 yards in 92 plays. He has completed 21 of 38 passes, with one interception, for a .553 percentage.

Regionally, the Pacific Coast

places two of the top five passers Bill Sewell of Washington State last year's foremost passing star ranking fifth.

"Barnacle Bill" Busick of Navy is the leading punter with a 45.4 average for his 11 punts. One of Madarik's Detroit teammates, veteran Howard Keating, an end, is the leading pass receiver with 11 caught for 68 yards.

The figures:

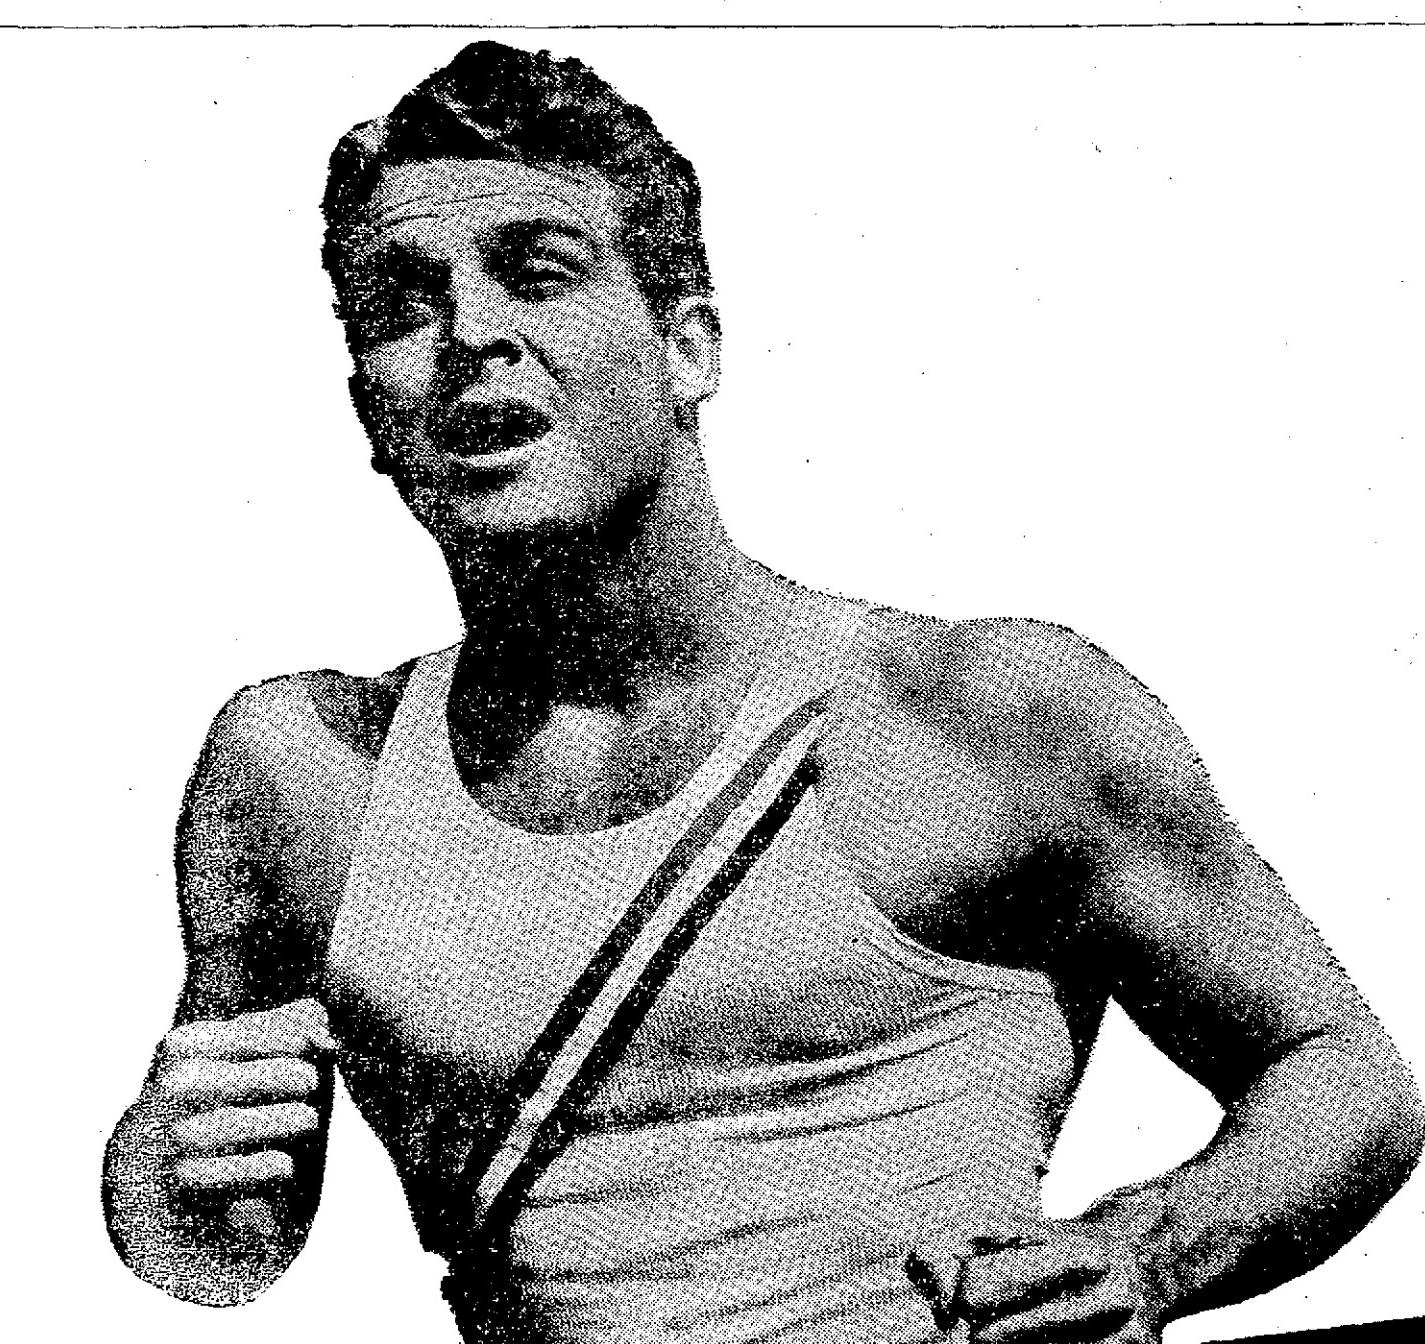

Total offense—(gains rushing and passing)—Dudley, Virginia, 646 yards; Madarik, Detroit, 556 yards; Durkee, Texas A. & M. 501; Dick Weber, St. Louis, 461.

Bob Robertson, Southern California, 401; Frank Shinkwich, Georgia, 371; Paul Gornall, Colorado, 367; Jack Wilson, Baylor, 342; Bud Schwent, Washington (S. Louis) 334; Bill Sewell, Washington State, 330.

Rushing offense—Dudley, Virginia, 321 yards; Johnny Griggs, Holy Cross, 338; Tony Port-Creighton, 276; Pete Layden, Texas, 275; Charlie Timmons, Clemson, 269.

Forward passing offense—Albert Stanford, 28 completions.

**GROVE CITY AND
ALLEGHENY MEET
THIS SATURDAY**

Meadville, Oct. 15—Well rested after an open date, the Allegheny College football team travels to Grove City this Saturday to renew one of western Pennsylvania's oldest gridiron rivalries.

Each team is credited with 20 wins, and there have been six ties in the grid competition dating from the nineties.

Coach Al Werner has been putting his Gators through tough drills designed to correct the mistakes that turned the Haverford game into a rout.

Far from pleased by the showings of some of his regulars against Haverford, Werner likely will make some shifts in his starting line-up, with changes most probable at the ends, at center, at one tackle and at one halfback spot.

Don Turk, towering Cleveland sophomore, has been working hard for a starting end assignment and is due for a "nod". Harry Shepard, rugged Pittsburgher, is ready to take over a tackle job after three weeks' inaction with a leg injury.

Ted Conlin, Sharpsville, may move up to a starting post at center to add more weight to the line, and Bill Pierce, Indiana, Pa., veteran, will move into his accustomed halfback position, provided a leg injury responds to treatment.

CONVENTION OF NEIGHBORS HELD AT SHEFFIELD

business session was held, at the conclusion of which State Supervisor Mrs. Chamberlain and the several deputies were formally introduced to the assemblage. Then followed presentation of the following program, which in addition to several numbers by local talent featured marching drills staged by teams from the Kane and Ridgway camps of the Royal Neighbors of America. The regular Tri-County convention of the lodge was held in the I. O. O. F. hall here yesterday afternoon and evening with Camp Clark, local unit of the lodge, as host.

Sheffield, Oct. 15.—Attended by 60 visiting delegates and guests from McKean, Elk and Warren counties and by nearly half hundred local members and friends of the Royal Neighbors of America, the regular Tri-County convention of the lodge was held in the I. O. O. F. hall here yesterday afternoon and evening with Camp Clark, local unit of the lodge, as host. Among the prominent persons of the lodges present were Mrs. Emma Chamberlain, of Ridgway, state supervisor, and several deputies from the Pittsburgh district, including Mrs. Bertha Dunlap, Mrs. Jessie Hull, Mrs. Lu Richards and Mrs. Vera Wilson. Also present was the deputy from this district, Mrs. Mary B. Slater, of this place.

The opening session convened at 2:30 p.m., with Mrs. Myrtle Michel, Oracle of the hostess camp, presiding. The address of welcome was given by Rev. Ivan E. Russell, pastor of the Methodist church, and the response on behalf of the visitors was delivered by Mrs. Alta Murphy, of the latter.

Gifts were presented to Mrs. Chamberlain, the deputy supervisor, the oracles of the various lodges represented and to the recorder of the hostess lodge.

After the voicing of thanks and appreciation by Mrs. Chamberlain and Mrs. Michel, the convention was brought to a close with the singing by the group, of the lodge's theme song.

Following adjournment of the convention shortly after 5 p.m., most of the assembly went to the Methodist church dining room, where at 6 p.m. a bounteous dinner was served. Dinner guests numbered 58, and they enlivened the festive occasion with group singing of favorite songs. Mrs. Fred Carlson's group of the Women's Society of Christian Service was caterer for the dinner.

The convention reconvened in I. O. O. F. hall at 7:30 p.m., Mrs. Michel again presiding. A brief

BORO TEACHERS TO PARTICIPATE IN ERIE MEET

Warren borough schools are closing all day on Friday so that teachers may attend the 17th annual conference of the Northwestern District, Pennsylvania State Educational Association, in Erie.

Sessions, to be held in the Strong Vincent High School, will be based on the theme "America—Schools and Education".

Two local instructors have been placed on important convention committees, R. R. Young for nominations, and W. A. Laferty for resolutions. Paul R. Getts, principal of Youngsville High School, is scheduled to respond to the welcome delivered at the opening session.

Participating in the various departmental groups will be the following: Agricultural, Henry Wuesthoff, chairman; art, Mrs. Leslie G. Fobes, chairman; elementary arithmetic, Miss Ruth Merkle, secretary; home economics, Miss Hazel Finley, vice chairman; Latin, Miss Gilmore, chairman; speech, Miss Kathryn Martin, secretary, with Miss Elizabeth Bittle, of Youngsville, as one of the speakers.

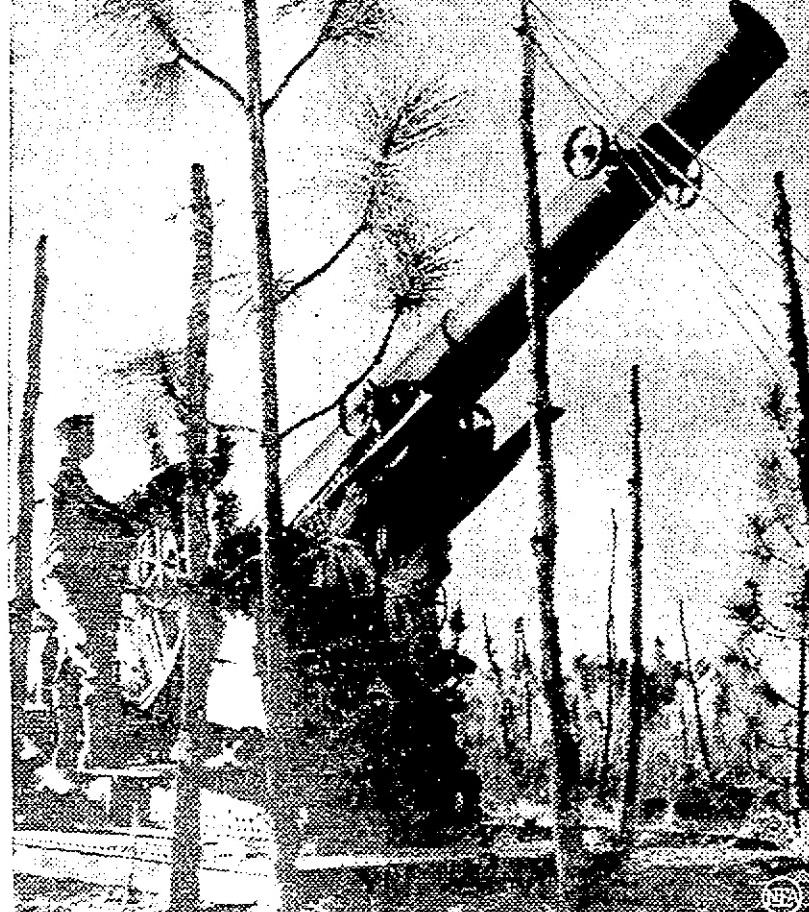

Another feature of the day's schedule will be the concert presented by the all-district band, in which eleven Dragon Band members will take part.

Accompanied by their director, Harry Simmers, the following local students will go to Erie: Ruth Simonson, Warren Johnson, Robert Dietrich, Larry Beyer, Corwin Skillman, Dorothy Bosin, Donald Huck, Joe Saraceno, Gail Schuler, Bob Folkman and Barbara Smith.

At Erie these young musicians will have the privilege of playing under the direction of Dr. George S. Howard, of Pennsylvania State College.

Lorna Ramsdell and Bonnie Walker, of the Russell school band, will play in the district band, also, and it is expected that the Youngsville band will be represented.

Nine-Mile Gun on Maneuvers

Big gun ringed by camouflage framework for action in First Army's South Carolina maneuvers is 240 mm. howitzer, largest U. S. field artillery weapon. It throws a 345-pound shell nearly five miles high to a distance of more than nine miles. The howitzer is manned by crew from 79th Field Artillery, so far the Army's only regiment equipped with this powerful gun.

Plan Conference of Latter Day Saints

Elders Gilbert H. Nelson and J. Robert Anderson, with Elizabeth Walker, Meda Briggs and Thelma Twelve Apostles of Latter-day Saints, have been in Warren for some time in the interests of their denomination.

They have been informed that the semi-annual conference of the Erie District will be held on Oct. 25-26, with meetings in Jamestown, N. Y., and Sharon.

Gustav A. Iverson, president of the Eastern States Mission, will attend with Mrs. Mary V. Iverson, president of the relief society of the mission. Also in attendance will be Elmer Thomas E. McKay, an assistant to the Council of the Church of Jesus Christ of Latter-day Saints.

While World War I airplanes had to be overhauled every 50 hours, today's planes go 600 hours without overhauling.

Group Meetings to Be Conducted Here At Grace Methodist

Under the inspiration of Bishop James Straughn and the leadership of the district superintendent, Rev. J. A. Galbraith, of Jamestown, a series of group meetings has been arranged for Methodist churches of the Erie Conference.

Parishes in the Jamestown District are to have as special preacher for their groups Gipsy Simon Smith and as musicians the Berge Sisters, of Baltimore, Md.

Warren's three churches, First, Grace and Epworth, will join with nine others of this immediate section in a series of meetings to be held in Grace church November 3, 4, 5, 6, 7 and 9. Others to participate will be Stoneham, Youngsville, Irvine, Garland, Russell, Akeley, Lander, Clarendon and Tiona.

Sheffield and Barnes members will join with a group at Kane on Sunday and Monday evenings, October 26-27.
